Scope

We are pleased to announce that the 8th annual Applied Research Conference 2018 (ARC 2018) Association will take place on July 10th, 2018 at the TH Deggendorf.

The Organizing Committee for the Applied Research Conference is now calling for papers to be presented at the 8th ARC 2018.

Students of the Research Master education program from all technical disciplines are invited to attend and present papers related to their research master project.

Our goal is to highlight the importance of research on the involved Bavarian Universities of Applied Sciences.

The conference will comprise of:

1. Keynote
2. Paper Session
3. Poster Session

Important

At least one author of an accepted paper must register and attend the conference to present and discuss the paper. The paper will not be included in the conference proceedings if it is not presented at the conference.

Keynote

Von der Idee zur Gründung - Gründerunterstützung in Bayern

Paper Sessions

The paper presentations will be arranged according to subject areas to enable participants from different fields to engage in cross-disciplinary discussions.

Technical Sessions

Nine technical sessions will be held in parallel:

1. Software Engineering and Software Technologies
2. Materials and Manufacturing Technologies
3. Optical Technologies and Communication Network
4. Power Technologies
5. Robotics
6. Car Technologies
7. Measurement Technologies
8. Logistics & Organization
9. Machine Learning

Poster Session

There will be a poster session for non-presented papers. All poster contributions will be included in the conference proceedings similar to oral presentations.

Author Information

Instruction and submission guidelines are on the conference website.
